

Celebrate Recovery® follows a step program based on biblical teaching. Each weekly meeting starts with music followed by a lesson or life story/testimony. After, participants may join small sharing groups with others facing similar life challenges. Group leaders are former participants in the program. Each month we celebrate our progress on our renewal and recovery journey.

Confidentiality and anonymity are vital elements in our program. Individuals may come just to listen. Sharing is voluntary.

Please be advised that if anyone threatens to harm themselves or others, their Small Group Leader **must** report it to a CR Ministry Leader.

Examples of possible life sharing small groups:

Stress and Anxiety	Physical / Sexual / Emotional Abuse
Anger Management	Eating and Mental Health Wellness
Emotional Hurt from Dysfunctional Family and other Relationships	
Social Addictions	
(Alcohol, Drugs, Tobacco, Prescriptions, Overeating, On-line Gaming, Gambling, Overspending, Pornography,)	

Celebrate Recovery Small Groups will:

- allow you to share your story, strengths, hurts and hopes
- provide a group leader who has gone through the CR program for a similar hurt, habit or addiction.
- help you find an accountability partner and/or sponsor to encourage you throughout the week.
- invite you to attend weekly meetings and read the Bible to discover Jesus Christ's principles for yourself.

Celebrate Recovery Small Groups will NOT:

- offer professional advice. Our leaders are not counselors. At your request, we can offer a list of counseling referrals.

Celebrate Recovery offers a free, weekly program with gender-specific sharing groups for adults in a safe, confidential environment.

Our group leaders encourage participants to build new healthy relationships and find emotional healing and freedom from past hurts, broken relationships, self-destructive habits, and social addictions as we face life's challenges together.
